COMPOSITION	87% PVC, 13% polyester
WIDTH / ROLL SIZE	137cm / 27.4m approx.
WEIGHT	678gsm
PATTERN REPEAT	nil
CARE CODE	V1
ABRASION	
Martindale AS2001.2.25	>50,000
Wyzenbeek ASTM 4157	>150,000
LIGHTFASTNESS	>6
ISO 105-B02	
TEARING FORCE	Length 78.7N Width 66.2N
AS2001.2.10	
UV RESISTANCE	500 hours
ASTM G26-96 Method C	
ADDITIONAL TEST RESULTS	Available on Request Blocking Resistance AS4878.11 Resistance to Flex Cracking AS4878.9 Rubfastness ISO 105-X12 Breaking Force AS2001.2.3.2 Elongation + Stretch Set AS1441.9 Loss of Plasticiser AS1441.8
FIRE RATINGS	Ignitability 18
AS/NZS 1530.3	Spread of Flame 0 Heat Evolved 0 Smoke Developed 6
AS/NZS 3837	BCA Group 2 Av. Specific Extinction Area 642 m2/kg
Additional Fire Tests	California Bulletin 117 E, FMVSS, NFPA 260, IMO Resolution A.652(16) Section 8.2
APPLICATION	upholstery, screens, wall panelling Ideal for indoor + outdoor, healthcare, hospitality, marine, office, public building, education, automotive and residential applications

**PERFORMANCE**

- PAINTBOX provides all the benefits of a high performing vinyl plus more with the Resilience<sup>SR</sup> finish.
- Resilience<sup>SR</sup> represents the latest technology in vinyl protection, enhancing performance where it is needed the most. Resilience<sup>SR</sup> is engineered to be long lasting, even after repeated cleaning and wear.
- **Permanent Stain Protection:** The Resilience<sup>SR</sup> finish guards against most stains. Most stains can simply be wiped away using mild soap and water.
- **Antimicrobial and Antibacterial Protection:** The Resilience<sup>SR</sup> finish is engineered to inhibit bacterial growth as well as fungus, mould and mildew spores, resulting in a more hygienic environment. PAINTBOX has been tested to: AATCC 147 Antibacterial Activity Assessment of Textiles – Parallel streak method and ASTM G21 Resistance of Synthetic Polymeric Materials to Fungi.
- **Waterproof and Water Resistant**
- **Easy to Clean + Bleach Cleanable:** Easily cleaned with mild soap and water. Can be easily disinfected using one part bleach and ten parts water.
- **Superior Lightfastness:** Achieves 500 hours light fastness.

**ENVIRONMENT + GREEN STAR**

- Environmentally Improved Production Process: reduced energy and water consumption, recycling of waste and solution-dyed product.
- PAINTBOX can be used on white furniture certified to Ecospecifier, AFRDI, ECNZ and GECA.
- The Green Star Rating Tool states “Where at least 90% of an item’s mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C.” Therefore any fabric can be used as fabrics are almost always under 10% by weight of a furniture item.
