COMPOSITION	85% PVC, 15% polyester + Resilience SR	
WIDTH	137cm	
WEIGHT	725gsm	
PATTERN REPEAT	nil	
ROLL SIZE	27.4m approx.	
CARE CODE	V1	
ABRASION		
Martindale AS2001.2.25	150,000	
Wyzenbeek ASTM 4157	250,000 double rubs	
LIGHTFASTNESS	6	
ISO 105-B02		
FIRE RATINGS		
AS/NZS 1530.3	Ignitability	10
	Spread of Flame	0
	Heat Evolved	2
	Smoke Developed	6
AS/NZS 3837	BCA Group 2	
	Av. Specific Extinction Area	272m2/kg
ISO 5660.1	NZBC Group 2	
	Av. Specific Extinction Area	297m2/kg
IMO 2010 FTP code	Smouldering Ignition - Pass	
Part 8	Flaming Ignition - Pass	
APPLICATION	upholstery, screens, wall panels Ideal for indoor + outdoor, healthcare, hospitality, marine, workplace, public building, education, automotive and residential applications	
PLEASE NOTE	Results from performance tests are guidelines only	

PERFORMANCE

- LUXE provides all the benefits of a high performing vinyl plus more with the Resilience^{SR} finish. Resilience^{SR} represents the latest technology in vinyl protection, enhancing performance where it is needed the most and engineered to be long lasting, even after repeated cleaning and wear.
- **Permanent Stain Protection:** The Resilience^{SR} finish guards against most stains. Most stains can simply be wiped away using mild soap and water.
- **Antimicrobial and Antibacterial Protection:** The Resilience^{SR} finish is engineered to inhibit bacterial growth as well as fungus, mould and mildew spores, resulting in a more hygienic environment. LUXE has been tested to: AATCC 147 Antibacterial Activity Assessment of Textiles – Parallel streak method and ASTM G21 Resistance of Synthetic Polymeric Materials to Fungi.
- **Waterproof and Water Resistant**
- **Easy to Clean + Bleach Cleanable:** Easily cleaned with mild soap and water. Can be easily disinfected using one part bleach and ten parts water.
- **Abrasion Resistance:** Resilience^{SR} provides additional wear properties and surface durability, thereby increasing the life of the material. LUXE is able to withstand wear and tear in high demanding situations.
- **Superior Lightfastness:** Achieves greater than 500 hours light fastness.
- **Excellent Strength:** Knitted fabric backing provides excellent tear and seam strength, with excellent stretch and tailoring properties.

ENVIRONMENT + GREEN STAR

- **Environmentally Improved Production Process:** reduced energy and water consumption, recycling of waste and solution-dyed product. Manufacturer has an Environmental Management System (ISO 14001).
- LUXE can be used on white furniture certified to Ecospecifier, AFRDI, ECNZ and GECA. The Green Star Rating Tool states “Where at least 90% of an item’s mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C.” Therefore any fabric can be used as fabrics are almost always under 10% by weight of a furniture item.
